

July 20, 2020

To Our Valued Roofing Partners,

Due to the recent price announcements from our major roofing manufacturers, Mid-Am will be implementing an immediate price increase on all orders received on and after July 20, 2020 as follows:

- Tamko Roofing Products: 3%
- Owens Corning Roofing Products: 5%
- CertainTeed Roofing Products: 6%

This increase is a direct result of what we have been able to purchase from these manufacturers based on their current allocation protocol, as well as their extended lead times.

Please know that our goal is to ensure we are doing all we reasonably can do for our loyal customers, accommodate orders that are currently scheduled in our system and react appropriately to the increased stress in the roofing market.

We at Mid-Am greatly appreciate your business and look forward to servicing all of your roofing needs. Please contact your Mid-Am sales representative, Roofing Category Manager, or me with any questions regarding this increase.

Best Regards,

Abhi Singh
Vice President, Sales & Marketing
Mid-Am Building Supply
