Welcome to the new standard in premium architectural roofing: Arcadia Shake® from CertainTeed.

Arcadia Shake is inspired by the iconic appearance of split wood shake, with each shingle formed from a high-grade blend of roofing asphalt, proven to outperform traditional shake roofing in virtually every environment. Unlike natural wood, Arcadia Shake is maintenance-free and provides a superior class of fire and wind resistance.

A fraction of the cost of wood shake, Arcadia Shake offers discerning homeowners an artisan look at a price that makes it the smart choice for protecting and beautifying their home.
