PowerBlade™

ROUTER BIT

PowerBlade grooves and offsets wood deck boards for proper installation and alignment using Deckmaster GW5 deck clips.

7/16"

Deckmaster PowerBlade Router Bit

Deckmaster's deck clip router bit is uniquely designed for the GW5 deck clip system. The bit grooves deck boards and tapers the bottom of the board at the same time. Tapering the bottom of the deck board creates a tighter fit and allows for better drainage extending the life of the deck.

- ▶ Tapers bottom of deck board for a tighter fit
- ▶ Tool grade high carbon steel
- ▶ Contractor tested
