

BEAUTIFUL ENVIRONMENTS. THOUGHTFULLY CRAFTED.

Transform your home.

Great American Spaces™ brings natural beauty, warmth and texture to your walls, ceilings and more.

Four distinctive collections let you create spaces that run from rustic to coastal, transitional to eclectic, farmhouse to cabin. New or renovated. Residential or commercial. Entire rooms, accent walls, islands, bars and more—the possibilities are endless.

Bundled planks are crafted from hand-selected, 1-inch-thick, solid pine. They're expertly milled and finished in a proprietary process that combines the character of vintage planking with the convenience of modern engineering.

Installation is a snap. Boards are stained and ready to install—eliminating the time, money and mess of finishing on site. And tongue & groove or shiplap joints make fast and easy work for professional or DIY installers, alike. Coordinating trim is available for every collection and color palette.

See how these collections can transform your interior spaces with the warmth and beauty of wood.

The rustic, weathered look of reclaimed barn wood.

Our Easy BarnWood Collection recreates the rustic, weathered beauty of aged barn wood, at half the cost and none of the hassle of acquiring and using reclaimed materials—no environmental hazards, no peeling finishes, no trouble finding all the wood you need. Prefinished boards install three times faster than reclaimed wood thanks to uniform sizing and trusted tongue & groove design.
