1515-PLY

Pocket Door Frame Plywood Reinforcement/Backing Clip Set

**For Extra Rigid
2x4 Pocket Walls**

**Solid Structure For
Mounting Heavy Objects**

1515-PLY Clip Features

- The brackets allow you to insert 3/4" plywood sheets flush between the steel wrapped studs.
- Adds rigidity to the wall when compared to using the steel wrapped pocket door studs alone.
- Provides a nice, solid backing for mounting towels racks, cabinets, tile applications, etc.
- Makes screwing in plywood even easier.
