

## Product Specifications - OSV40

Product design makes a difference in choosing the best Solar Powered Attic Vent.

Wonder why the Omni Solar Vent™ looks different than any other Solar powered attic vent? Well, it is by design. Our highly trained engineers created a unique design that is not only functional but one that looks good on the roof. Its design makes it impossible for birds or other pests to get into the attic through our vent. More importantly, it directs hot air and moisture away from your roof deck.

**Omni Solar Vent™ - your attic's best solar powered protection against heat and moisture from sun-up to sun-down.**

### Other Omni Solar Vent™ features include:

- ✓ **Proven Best Performer** for solar powered attic ventilation.
- ✓ 40+ watt solar panel.\* Largest standard solar panel of any solar attic vent. Panel size is 26" x 20.5".
- ✓ Heavy duty aluminum construction.
- ✓ Overall size is 33.5" x 33.5" x 6.5".
- ✓ Overall weight is 33 pounds.
- ✓ Continuous static ventilation of 160 square inches of net free area.
- ✓ Available in black, white, brown and weathered bronze.
- ✓ Low profile construction blends well with roof profile.
- ✓ Upward exhaust protects against roof discoloration.
- ✓ Solar panel remotely mounted for optimum energy collection.
- ✓ 15 foot power cord.
- ✓ Internal screen for insect protection.
- ✓ Easy installation. No electrician required.
- ✓ 10 year limited warranty, 5 year on solar panel & motor.

\*Rated Power: 40W – Power Tolerance (W): 0, +4.99
