## The Metal Sales Advantage

Metal Sales Manufacturing Corporation continues to lead the industry with time-tested quality products dedicated to the agricultural, residential, industrial, commercial, and architectural customer.

Some features include:

- ▶ **Extensive and diverse product line. With over 75 profiles from which to choose, Metal Sales can satisfy any project need for metal roofing and siding.**
- ▶ **Industry-leading paint finishes and warranties. Up to 45 year warranties available for product endurance.**
- ▶ **21 manufacturing facilities across the United States, strategically located to provide superior service and convenience.**
- ▶ **Company-owned delivery trucks. Many equipped with boom unloading capabilities for job-side delivery.**
- ▶ **The largest sales force in the industry backed by nearly 50 years of service and experience.**
- ▶ **Technical Services. In-house shop drawings, product application information, and design specifications available.**

These are just a few of the features that make Metal Sales Manufacturing Corporation the only choice for all your metal roofing and siding needs. The Metal Sales Advantage...*unmatched.*

## Metal Sales Light Gauge Panels: When It Has To Be Right.

At Metal Sales Manufacturing Corporation we understand that the most important building project is the one you're working on right now. Whether you're building or roofing your own home, agricultural structure, or a commercial facility, there is never a good time to cut corners. Getting it right starts with working with materials that provide durability, versatility, quality workmanship, and a wide range of ENERGY STAR® colors and profiles.

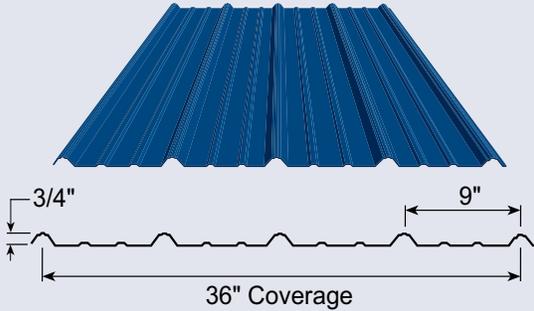

Whether it's our Elite Series, Standard Light Gauge products, or our economical VersaRib panels the Metal Sales Light Gauge Series of building and roofing panels can help you get it right, every time. Contact your nearest Metal Sales representative to find out how metal can meet your various roofing and siding needs.

ACG®: Acrylic Coated Galvalume

## Elite Series Panel: The Best Just Got Better.

Long known for exceptional metal building panels,

Metal Sales has taken quality a step further with our industry-

leading 36" wide Elite Series product line. With Elite Series,

you'll recognize all of the outstanding features of our original

36" panel products... and much more. Our Elite Series

products are manufactured with a patented, superior paint

finish, to provide the longest life possible for your agricultural,

light commercial, or residential building projects.

Quality features include 29 gauge, G100 galvanizing

(one of the heaviest in the industry), a 45 year warranty (with 10

year edge-corrosion protection),

time-tested profiles (Pro-Panel II,

Classic Rib, and Bi-Rib), and a full

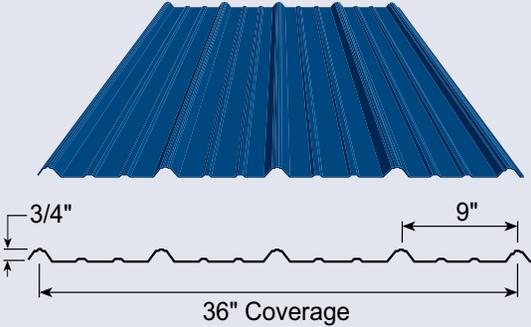

line of matching trims.

- Minimum roof slope: 3:12
- Applies over open framing or solid substrate
- Finishes: MS Colorfast45, ACG®, and Galvanized

*\*30 gauge is available at select Metal Sales locations. Please inquire.*

## Time-Tested, Classic Light Gauge Metal Panels

The Light Gauge panels (there are seven styles from which to choose) are manufactured from the highest quality steel produced to an 80,000 psi minimum yield strength. Profile widths range from 24" to 36" coverage with lengths up to 45'. We'll custom cut panels to the nearest inch, so you'll only pay for what you use.

Metal Sales' Light Gauge panels stand up to any environmental condition. Each profile has its own unique design to meet a variety of roofing and siding needs (as an example the Pro-Panel II profile is designed with a unique hidden siphon channel which interlocks at each panel to provide a watertight seal and allow moisture to drain

harmlessly). Our standard paint system is an advanced silicone, polyester protection coating that provides outstanding performance against the elements. In addition, the products are backed by a

45 year paint finish warranty that ensures long

term beauty and durability. This extraordinary

paint system is available in a wide range of

ENERGY STAR® color choices. Many of the

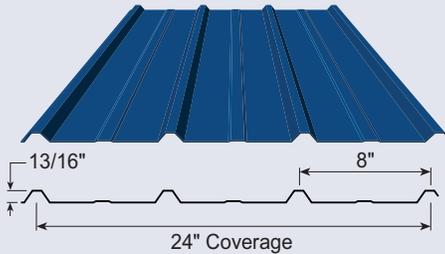

products in the series carry 10 year or 5 year

edge corrosion warranties.

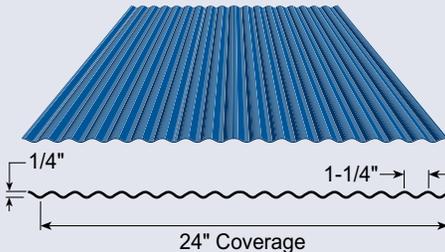

## Delta Rib

- Exposed fastened panel
- 24" panel coverage, trapezoidal rib on 8" centers
- 13/16" rib height, minimum roof slope: 3:12
- Gauges: 30 ga, 29 ga, and 26 ga available
- Applies over open framing or solid substrate
- Finishes: MS Colorfast45, ACG®\* and Galvanized

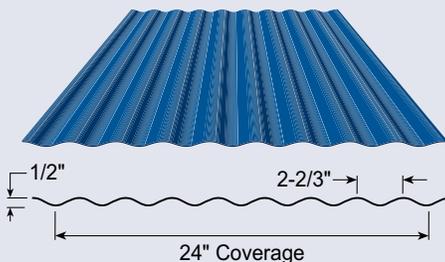

## 1-1/4" Corrugated

- Exposed fastened panel
- 24" panel coverage, 1 1/4" corrugation width
- Minimum Roof Slope: 3:12
- Gauges: 30 ga, 29 ga, and 26 ga available
- Applies over open framing or solid substrate
- Finishes: MS Colorfast45, ACG®\* and Galvanized

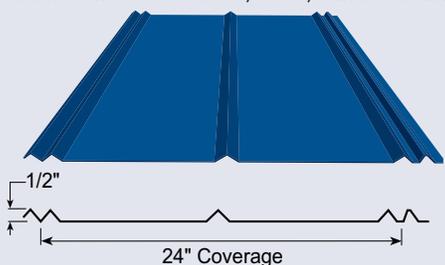

## 2-1/2" Corrugated

- Exposed fastened panel
- 24" panel coverage, 2 1/2" corrugation width
- Minimum Roof Slope: 3:12
- Gauges: 30 ga, 29 ga, and 26 ga available
- Applies over open framing or solid substrate
- Finishes: MS Colorfast45, ACG®\* and Galvanized

## 5V-Crimp

- Exposed fastened panel, traditional "V" rib
- 24" panel coverage, 1/2" rib height
- Gauges: 30 ga, 29 ga, and 26 ga available
- Minimum roof slope: 3:12
- Applies over solid substrate with 30# felt underlayment
- Finishes: MS Colorfast45, ACG®\* and Galvanized

We have served the industry for nearly 50 years and we've always

pledged to provide our customers with what they need to get their jobs

done right. Along with manufacturing the highest quality products, one

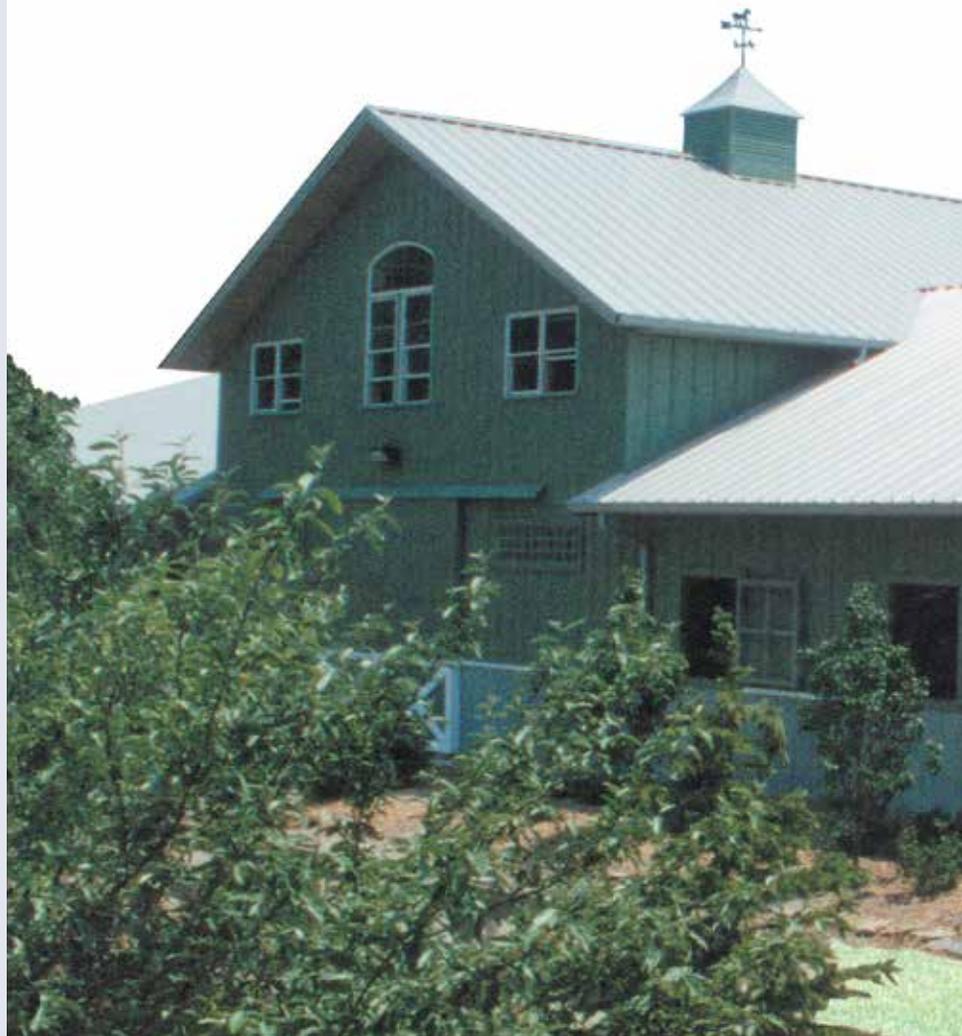

of the most important features we can offer the building professional

is an unparalleled commitment to service. The Metal Sales team is a

highly trained, motivated group of professionals. We have the largest

sales force in the industry, with 21 sales and manufacturing facilities

throughout the United States, each with its own fleet of trucks specially

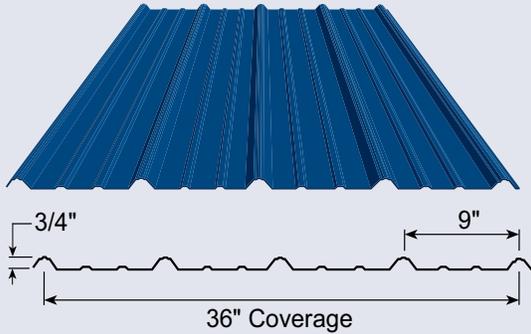

equipped for our business. We guarantee on-time delivery to meet your job specifications. In an industry where the consumer has many choices, we sincerely believe you'll agree that service and superior quality set Metal Sales apart from the rest.
