

GOLD COAT STRUCTURAL CONNECTORS

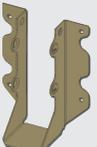

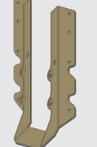

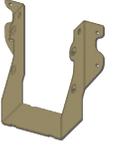

BETTER PERFORMANCE. BETTER LOOKING.

-  Double Layer Corrosion Protection
-  Twice the Protection for Extended Life
-  Visually Appealing Gold Color

MiTek's® exclusive Gold Coat™ finish is a multi-layer system that protects the integrity of the structural connector. The top layer is a specially formulated organic polymer barrier designed for outdoor applications and contact with treated wood. Gold coat's attractive color is an ideal choice for decks, pergola's and other outdoor projects.

REQUIRED FASTENERS: Gold Coat Fasteners

INSTALLATION: Refer to the MiTek product catalog (digital or print) for fastening requirements, design values and installation instructions.
