

Pegasus Collection

Unbeatable combination of economy & efficiency

1100 Series
25 Gauge
2" Sections

Economy, Protection, Efficiency

The Hörmann Pegasus Collection offers you practical designs and options that are efficient and economical. The virtually no-maintenance Pegasus Collection features **25 gauge** hot-dipped galvanized pre-painted steel with a baked-on polyester enamel finish.

Heavy-duty 25 Ga. steel is **hot dipped galvanized** with a **baked-on enamel finish** and embossed woodgrain texture for years of **maintenance-free** beauty.

Optional textured vinyl-backed full cavity polystyrene **insulation** (R-value 7.4) is bonded to each section to provide quiet, **energy efficient** operation and protection from elements.

The bottom weather seal **keeps out wind, rain, debris and other elements** for added energy savings.

Hörmann Special Features

Hemmed Edges

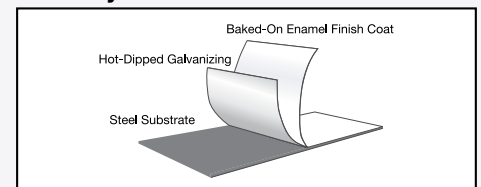

The steel panel edges are hemmed for safety and structural strength.

Tongue & Groove Section Joint

Pegasus 1100 is constructed with precisely engineered Tongue and Groove section joints that reduce air infiltration creating a weather-tight seal.

Durability

Steel door panels are prepared to offer maximum protection against the elements to provide you with a long-lasting surface finish and reduced maintenance cost.
