

**Phoenix 5200 Series**  
Classic Look, Long Lasting Durability

## PHOENIX COLLECTION

The outstanding choice for individual beauty and safety

**HÖRMANN**

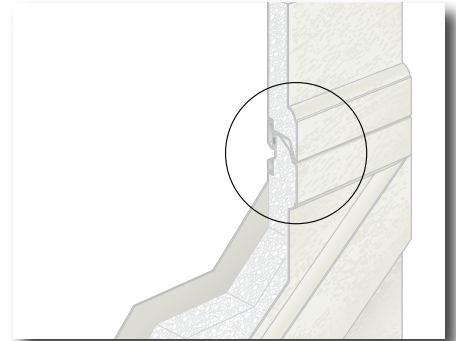

## CLASSIC BEAUTY - REDEFINED -

The Hörmann Phoenix 5200 offers a unique combination of classical beauty and durability of a steel door. Ageless custom designs matched with modern features that include our exclusive FingerGuard™ pinch resistant joints, polystyrene core and 25 ga. (.019" min) steel skin give you the unsurpassed safety, durability and energy efficiency.

Be the first one in your neighborhood to own a redefined and beautiful Hörmann Phoenix 5200 carriage house style door without compromising all the features and benefits of modern steel garage doors.

## DURABILITY AND SAFETY

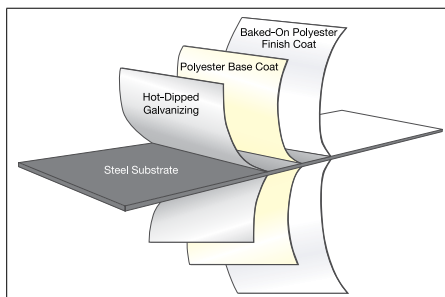

The pinch resistant profiles of top and bottom rails are molded to the section in a one piece construction.

Hörmann Phoenix 5200 collection's unique design feature adds value to your home with safety, beauty and solid structural integrity.

### FingerGuard™ Pinch Resistant

The danger of trapped fingers is greatly reduced with Hörmann's exclusive FingerGuard™ section joint.

### Superior Steel Thickness

Steel substrate is first applied with hot-dipped galvanizing coat, followed by a double layer of baked-on polyester base and finish coat.

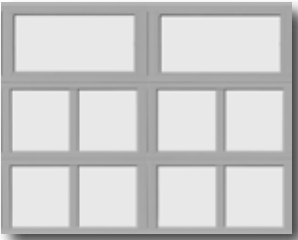

### Between Section & Side Seals

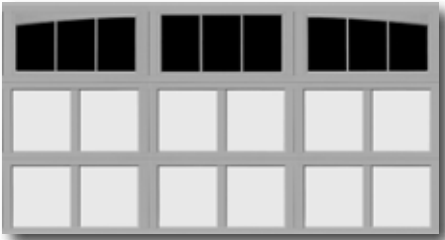

Factory installed between section weather and side seals offer maximum protection from the outside elements.
