

October 7, 2022

TO: TAMKO Customers
FROM: Alex Hines, Vice President of Sales & Marketing
SUBJECT: TAMKO Proline Titan XT, StormFighter IR and Heritage Shingle Color Offerings

TAMKO will transition its premium line of high-contrast America's Natural Colors collection to be available exclusively in the Proline Series. The Proline Series will also offer TAMKO's Classic Colors collection. TAMKO's Heritage shingles will continue to be offered in popular Classic Colors but will no longer offer the America's Natural Colors collection in 2023. **Please read the complete details below.**

WHAT IS CHANGING?

TAMKO's Proline Titan XT® and StormFighter IR® Shingles in 2023

- TAMKO's widest offerings for the Classic Colors collection.
- **Exclusive availability.** TAMKO's high-contrast America's Natural Colors collection, including iconic blends like Thunderstorm Grey, Natural Timber, Black Walnut, Painted Desert, Mountain Slate, and many more. **See page 3 of separate attachment for list of Titan XT and StormFighter IR color offerings available in 2023.**

TAMKO's Heritage® Architectural Asphalt Shingles in 2023

- **MOST popular TAMKO's Classic Color offerings** – the subtle, sophisticated blends that have long-made TAMKO an industry favorite including: Weathered Wood, Rustic Black, Rustic Hickory, Rustic Redwood, Rustic Cedar, Oxford Grey and Olde English Pewter, plus some regionally-preferred Classic Color blends. **See page 2 of separate attachment for list of Heritage color offerings available in 2023** (some Classic Colors now limited to TAMKO Proline Series).
- **America's Natural Colors collection no longer available except in TAMKO Proline Shingles.** **See page 1 of separate attachment for list of colors being discontinued from the Heritage shingle line.**

TIMING

TAMKO's expansion of color offerings for Titan XT was accomplished earlier in 2022 and the expanded color line-up is available for customers to order now. Proline sample and literature items with this larger color offering are available for all markets now.

Heritage® shingles in America's Natural Colors production will be ramped down over the remaining months of 2022. During this transition, TAMKO will work with customers to help support existing jobs in progress. This transition is expected to be complete by the end of 2022.

DO NOT MIX SHINGLE STYLES

While some color blends may be similar, **DO NOT MIX** Heritage® shingles, Titan XT® or StormFighter IR® shingles together on the same job, even if the color name is the same.

QUESTIONS

Please contact your TAMKO Sales Representative with any questions.
